

big belCh news.

issue 125  seppemby 27, 2018

hi. we're back. Where were we the last nine months? We were being pregnant. And boy did we give birth. I gave birth in the toilet to a bunch of little brown babies. And then I flushed them down the toilet. Because they were stinky and they didn't taste very good. Well, I don't KNOW they didn't taste very good. I mean, I didn't taste them, but the fact that they smelled led me to believe they wouldn't. Which is the opposite of dogs.

Dogs apparently love the smell of cat poop and like to eat it. But cat poop doesn't smell very good to me, so if I were to eat a cat poop, I would probably vomit and the dog would come and eat my vomit off the floor.

Dogs love to eat vomit.

And cat poop. Dogs are gross.

So what was I talking about? Oh yes, where we were these past 9 months. We went on a vacation and disappeared. But hey, we're back and full of vim. I don't know about you, but I like having vim. I'm a super vim haver.

=====

ON THIS DAY IN HISTORY.

On this day in 2018, Chris Read coined the word 'haver,' which means a person that has. Although I guess he could have used the word 'owner' which would mean the same thing. And why am I referring to myself without using the word 'I'? It's like the weird muppets on Sesame Street. Cookie Monster never once said "I'm going to eat a cookie." Instead, he would say

"ME EET COO-KIE!"

Which any English teacher would say is incorrect, and yet he said it on "Sesame Street," a show that is supposed to be educational. And then he would shove the cookies in his mouth and go "OM NOM NOM," which any food eating expert would tell you is not the correct way of eating food. Which is the reason that my kids I was pregnant with are going to sit at the computer and watch "Pinwheel" on YouTube.

But I digress. And guess those weirdos who enter food eating contests would eat that way. I never did see the fun in those food eating contests. I bet I could win one if the contest was about how much you could eat and have nothing to do with how fast you eat it. And the thing is, they can't vomit. So not only do you have to eat it, you have to eat it really fast and keep it down and then have a bunch of brown babies which go plop in the toilet that are smelly and don't taste very good.

I never did get why food tastes good when you eat it and doesn't taste good any more when you poop it out.

news flash.

We have just been handed a report. It says men can't get pregnant. Well then why am I fat? This isn't fun. Here I am with a super big stomach and I'm not pregnant? Well, I guess there's a big alien inside me then. Like that guy in that alien movie who had an alien pop out of his stomach.

another news flash.

Bill Cosby is in prison. There he will get lots of sex just like he wanted. But it will come from the big fat guy named Bubba. Bill and Bubba sitting

in a cell, He'll be there 'till he goes to Hell. Or three years. That's what his sentence is. I wish I was in jail for three years. Not having to worry about where my food will come from. Not having to write big belch news every 9 months. And once that alien pops out of my stomach, it will eat Bubba so I won't have to have sex with him any more.

But I guess there is a downside to prison. I can't go anywhere. I guess my trips to the video game store won't happen. But I won't get free medical care when the alien pops out of my stomach either.

Well, now that the news flashes are over, I forgot what I was talking about. Oh yes, it was about food. I always talk about food. I love food. It's the only joy I have in life. When my taste buds get happy and feel all good because they just ate a slice of pizza. I love pizza. I wish I could eat pizza every single day for the rest of my life. I bet those people in prison never get any pizza. They get served turkey. Lots and lots of turkey. And, for special occasions, like Thanksgiving, they don't feed them turkey, they feed them cookies. Which I guess is why Cookie Monster is raping me right now. It makes me feel like having some little brown babies coming out of my butt.
